## COLLEGE OF AGRICULTURE WAY LIBRARY TRUSTEES

### Farmers Should Visit Instruction Train and Get Pointers.

The Extension Department of the College of Agriculture will give instruction on Corn Improvement and Drainage on a T. & O. C. Agricultural Train, March 21 and 22. On the 21st the train will run from Columbus to Toledo, making ten stops. On the 22nd the return trip will be via Fostoria, Bucyrus and Thurston. Farmers along the route will be well paid for the time spent attending these one-half hour lectures. Increase in fertility and yield is not to be measured by the hands of a time-piece. The lectures, photographs, and apparatus have been prepared especially for this trip. Bulletins (illustrated) on Corn and Drainage, giving more lengthy discussions, will be distributed to those who come to the train.

Inquire of T. & O. C. agent for time of arrival of Agricultural Train and as to where stops will be made.

### TO WATCH BUTTER MAKERS

Makers of butter who "accidentally" work more water into their product than the law allows, will after May 1 encounter the strong arm of the law, Commissioner Cabell, of the internal revenue bureau, with the approval of Secretary MacVeagh, having instructed all his internal revenue collectors to watch for such violations. Water weighs heavily in a pound of butter, but the law allows 16 per cent.

For several years the department of agriculture has superintended the packing of hundreds of thousands of pounds of butter for the navy where not more than 13 per cent moisture is allowed. Commissioner Cabell says that is sufficient proof that the law can be obeyed without difficulty.

Do you know that of all the minor ailments colds are by far the most dangerous? It is not the cold itself that you need fear, but the serious diseases that it often leads to. Most of these are germ diseases. Pneumonia and consumption are among them. Why not take Chamberlain's Cough Remedy and cure your cold while you can? For sale by all dealers.

### Organize For 1911 and Will Redecorate Library Building.

At a meeting of the Board of Trustees, held on Friday night last, the board closed business for the year 1910 and reorganized for 1911, by electing D. K. Hollenbeck president, F. C. Averill secretary and T. M. Franey treasurer.

Miss Helen Bowers was re-employed as librarian.

In another column will be found the librarian's report.

It was the unanimous opinion of the board that the library building should be redecorated and the outside woodwork repainted. No repairs of this nature have been made since the library was opened and the interior is sadly in need of improvement, and it will be necessary to raise \$150 to do all the board considers is proper, and as there is no money available for this work, the board decided to ask contributions from the general public for this purpose, and with this object in view the members present at the meeting have each subscribed five dollars, and it is hoped that other public-spirited citizens will also contribute toward the fund.

The library is one of the crowning glories of our village, and the records show that no other public library in the State is more generally used by the public, over 21,000 books having been given out during 1910, and it is therefore a matter of civic pride that prompts the board to ask for contributions for this very laudable purpose.

Any citizen who will deposit with T. M. Franey, the library treasurer, a contribution for this purpose will be doing a generous act in behalf of one of the grandest institutions in the State and one that is a pride to our village.

### YOUNG FOLKS PRESENT PLAY.

The young people's society of St. Peter's Evangelical church of Millbury, presented a drama in four acts entitled Dot, the Miner's Daughter. The music was furnished by the Huss orchestra, of Fostoria, composed of four children, 4, 6, 8 and 12 years old. The receipts netted the society \$85.00.

## MAUMEE VALLEY MAP CO.

New Company Incorporated by Wood County Men.

The necessary papers for the incorporation of a new company composed of Wood county men, were sent to Columbus last week.

The new company will be known as the Wood County Map Company, and the incorporators are Ferdinand Wenz, and Joseph Rossbach, Jr., of Perrysburg, and Louis H. Wismer, Clyde Moyer and E. F. Metzger of Bowling Green.

The company propose to publish an Atlas of Wood county in which will be shown a series of maps of all parts of the county so arranged as to make the Atlas of very great value to every citizen who holds or contemplates purchasing property in any part of the county.

The Atlas will consist of 70 pages and among other features will contain a page showing a map of all rural delivery routes, and the situation of residences along the line; other pages will also show all stone roads, completed, proposed and those petitioned for, and upon which final action has not been taken by the commissioners; the school sub-districts as well as all voting precincts; the county by townships showing acreage of farms and lots; township maps will show ditches and the lines of special school districts; and towns whether incorporated or unincorporated, and the small hamlets will also be shown, and in fact the Atlas will be the most complete exposition of Wood county lands and its various divisions and all other matters of importance ever published of Wood county, and all features will be made up to the very last minute before the maps are drawn and printed.

Work on the Atlas has been in progress for some time and the company are now about ready to commence the work of publishing.

As there has been no Atlas of Wood county published for over 25 years, it will be seen that there is much need of a thoroughly up-to-date Atlas as this company propose to publish.

If you have trouble in getting rid of your cold you may know that you are not treating it properly. There is no reason why a cold should hang on for weeks and it will not if you take Chamberlain's Cough Remedy. For sale by all dealers.

## B. G. STORE LOOTED

Fronney and Co. Lose \$200 Worth of Clothing.

Fronney & Co.'s big department store in Bowling Green was burglarized Sunday night and probably \$200 worth of men's suits, raincoats, furnishings and two handbags were stolen.

Entrance was gained through a rear window in the clothing department, the catch being turned through a small hole broken in the glass. Apparently an effort was made to get into the cashier's drawer, a hatchet and knife having been used for the purpose. That the burglars did not get the \$10 in it was probably due to their taking fright. The fellows left by the way they had entered.

### FINAL ENTERTAINMENT.

The Last The Best of All.

John A. Le Barge is an extraordinary artist. Mr. Le Barge's international standing as an artist on the mandolin and banjo is well known, and honestly earned. He is a splendid instrumentalist, using the mandolin, banjo, violin, and many novelty instruments, including the xylophone, the broom fiddle and others. He handles only the very best of music in a way that gives great pleasure to the most cultured musicians as well as to the masses.

Ethel Zimmerman is a pianiste of unusual ability and possesses a contralto voice of fine quality, well trained, and beautifully sweet and pure in tone. She is a graduate of the Ithaca Conservatory of Music, and has had wide experience as a pianiste and contralto soloist. As a pianiste she has no superior in Lyceum work. In portions of the program she will sing duets with Mr. Le Barge, and in other parts solos with piano accompaniment and violin obligato. The many combinations that can be secured by means of the piano and Mr. Le Barge's instruments will add great variety to a program that is already rich with versatility. Read the press comments about these musicians in the advertising circulars that have been distributed in the village.

John W. Sicklesmith, Greensboro, Pa., has three children, and like most children they frequently take cold. "We have tried several kinds of cough medicine," he says, "but have never found any yet that did them as much good as Chamberlain's Cough Remedy." For sale by all dealers.

## FIRE AT LEMOYNE

Radeloff Bros. Hardware Store Completely Consumed.

The hardware and general store of Radeloff Brothers here was burned to the ground Friday afternoon. The direct cause was ignition from a pile of rubbish in the rear of the building but it is thought that the rubbish was fired by sparks from an engine of a passing train.

The loss altogether is estimated as being in the neighborhood of \$2,000, and it will be partially relieved by insurance.

Radeloff Brothers are not discouraged by the misfortune but express their intention of reopening for business as soon as they can get a building and install a stock of goods. Their concern was one of the largest in towns of this size in the country. —Sentinel.

### Has Millions of Friends.

How would you like to number your friends by millions as Bucklen's Arnica Salve does? Its astounding cures in the past forty years made them. It's the best Salve in the world for sores, ulcers, eczema, burns, boils, scalds, cuts, corns, sore eyes, sprains, swellings, bruises, cold sores. Has no equal for piles. 25c at C. P. Champney's.

### OF INTEREST TO TEACHERS.

Every teacher in the county should complete the O. T. R. C. course as soon as possible and report to me promptly, either through the Superintendent or Township Secretary or direct by mail. No teacher will be reported to the State Manager for credit who does not report having done the work. If you have not entirely completed the course but will do so before June 1st, report to me now.

The new diploma may be secured this year by any teacher who has completed the work for four years or more, no matter what old diploma you may hold. In reporting for the diploma, give the total number of years you have completed the work including any old diploma you may have. The new diploma will then be sent with enough seals attached to show your entire credits. The diploma-fee is 25 cents. This should be sent with your application.

Teachers who have read less than four years are given certificates for this year's work. Certificates and diplomas will be distributed at the Annual Institute. If you received a new diploma last year, you will receive the seal for this year direct from the Manager on receipt of my report.

Please report promptly, both for this year's work and for the diploma if you are entitled to it.

D. A. HAYLOR,  
County Secretary.  
Address, Perrysburg, O.
